

Thank you

On 30 November, you made history. Every single UNISON ambulance member supporting the day of action by striking or providing cover played their part in this momentous day.

UNISON continues to work hard to press for a fair settlement to the dispute, but we also need to be prepared for future action on pensions.

So that the union can have more flexibility over the type of action which ambulance members take in future, UNISON is asking you to vote YES to support action short of strike action as an additional option for consideration.

Eligible members should receive their ballot paper by 14 December.

Contact UNISONdirect on 0845 355 0845 for any queries relating to the ballot including requesting a ballot paper. Members can request a ballot paper from 14 December to 5pm on 19 December.
