

Your UNISON Steward Is:

Name: _____

Place: _____

Telephone: _____

E-Mail: _____

SHOULD I JOIN A TRADE UNION?

YES YES YES... It's a balance of power. It's a NUMBERS GAME. Even if you are not active in the union (a representative or steward, or take part in running your branch) just being a member really counts.

Trade unions can provide workers with representation whether they are full or part time, and across all types of jobs and all types of employment. All sorts of workers can join, including agency workers and migrant workers. All workers have a legal right to join a trade union.

By not joining you make trade unions weaker, your employer stronger and undermine our ability to fight for fair treatment and equality and protect workers in the workplace.
